CREDITING OF PAYMENTS

All payments received by 5:00 PM during the Card issuer's normal business day at the address indicated on the reverse side of this statement will be credited to your account as of the date of receipt of the payment. If payment is made at any location other than that address, credit of the payment may be delayed up to 5 days. BILLING RIGHTS SUMMARY

What to do if You Think You Find a Mistake on Your Statement

If you think there is an error on your statement, write to us at BBCS, Attn: Dispute Department, 1550 North Brown Road, Suite 150, Lawrenceville, GA 30043 as soon as possible. In your latter, give us the following information: your name and account number; the dollar amount of the suspected error; and if you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us within 60 days after the error appeared on your statement. You must notify us of any potential errors in writing. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While we do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

Your Rights if You are Dissatisfied with Your Credit Card Purchases

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase. To use this right, all of the following must be true:

- The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
- You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
- You must not yet have fully paid for the purchase. If all of the criteria above are met and you are still dissatisfied with the purchase, contact us in writing at: BBCS, Attn: Dispute Department, 1550 North Brown Road, Suite 150, Lawrenceville, GA 30043.

While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay we may report you as delinquent.

EXPLANATION OF INTEREST CHARGES The Interest Charge shown on the front is the sum of the Interest Charges computed by applying the Periodic Rate(s) to the Average Daily Balance and adding any applicable transaction charge authorized in the Cardholder Agreement. The method for computing the balance subject to Interest Charge is an average daily balance (including new purchases) method.

We figure the interest charge on your account by applying the periodic rate(s) to the "average daily balance" of your account (including in some instances current transactions). To get the "average daily balance", we take the beginning balance of your account each day, add any new cash advances and subtract any payments or credits and any unpaid interest charges. If you paid in full the Previous Balance shown on this statement by the payment due date shown on the previous statement, we subtract from each day's beginning balance the amount of such Previous Balance included in that beginning balance and also do not add in any new purchases. Otherwise the amount of the Previous Balance is not subtracted and we add in any new purchases. This gives us the daily balance. Then we add all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance."

HOW TO AVOID INTEREST CHARGES: You have until the payment due date shown on your periodic statement to repay your balance before an interest charge on purchases will be imposed.

ANNUAL FEE DISCLOSURES

If an annual fee is shown on the front of the statement, see the front for information about the following matters: the annual percentage rate for purchases, certain information regarding any variable rate feature, the amount of the annual fee, any minimum interest charge, and any transaction charges for purchases. The method for computing the balance subject to interest charge on your account is an Average Daily Balance (including new purchases) method and is explained above.

If you terminate your account within 30 days from the Closing Date shown on the front of this statement, you will not owe the annual fee (and have the right to have it credited to your account) and may use your card(s) during that 30 day period without becoming obligated for the annual fee. To terminate your account you should give us written notice sent to the address for billing inquiries as shown on the front of this statement. All cards should be cut in half and returned with your termination notice. <u>CREDIT BALANCES</u> Any credit balance on your account (indicated by a "-" on the front of this statement) is money we owe you. You can make charges against this amount or request and receive a full refund of this amount by writing us at: Card Service Center, PO Box 569120, Dallas, TX 75356-9120. Any amount not charged against or refunded upon request that is over \$1.00 (equal to or in excess of \$1.00 If you live in MA or any amount in NY) will be refunded automatically within six months after the credit balance was created (four billing cycles in MD).

IMPORTANT INFORMATION

Finance Charge Calculation Methods and Computation of Average Daily Balance Subject to Finance Charge: The Finance Charge Calculation Method applicable to your account for Cash Advances and Credit Purchases of goods and services that you obtain through the use of your card is specified on the front side of this statement and explained below:

Method A - Average Daily Balance (including current transactions): The Finance Charge on purchases begins on the date the transaction posted to your account. The Finance Charge on Cash Advances begins on the date you obtained the cash advance, or the first day of the billing cycle within which it is posted to your account, whichever is later. There is no grace period.

The Finance Charges for a billing cycle are computed by applying the Periodic Rate to the "average daily balance" of your account. To get the average daily balance, we take the beginning balance of your account each day, add any new purchases or cash advances, and subtract any payments, credits, non-accruing fees, and unpaid finance charges. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

Method E - Average Daily Balance (excluding current transactions): To avoid incurring an additional Finance Charge on the balance of purchases (and cash advances if Method E is specified as applicable to cash advances) reflected on your monthly statement, you must pay the New Balance shown on your monthly statement on or before the Payment Due Date. The grace period for the New Balance of purchases extends to the Payment Due Date.

The Finance Charges for a billing cycle are computed by applying the Periodic Rate to the "average daily balance" of purchases (and if applicable, cash advances). To get the average daily balance, we take the beginning balance of your account each day and subtract any payments, credits, non-accruing fees, and unpaid finance charges. We do not add in any new purchases or cash advances. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

Method G - Average Daily Balance (including current transactions): To avoid incurring an additional Finance Charge on the balance of purchases (and cash advances, if Method G is specified as applicable to cash advances) reflected on your monthly statement and, on any new purchases (and if applicable, cash advances) appearing on your next monthly statement, you must pay the New Balance, shown on your monthly statement, on or before the Payment Due Date. The grace period for the New Balance of purchases extends to the Payment Due Date.

The Finance Charges for a billing cycle are computed by applying the Periodic Rate to the "average daily balance" of purchases (and if applicable, cash advances). To get the average daily balance, we take the beginning balance of your account each day, add any new purchases or cash advances, and subtract any payments, credits, non-accruing fees, and unpaid finance charges. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

Payment Crediting and Credit Balance: Payments received at the location specified on the front of the statement after the phrase "MAKE CHECK PAYABLE O" will be credited to the account specified on the payment coupon as of the date of receipt. Payments received at a different location or payments that do not conform to the requirements set forth on or with the periodic statement (e.g. missing payment stub, payment envelope other than as provided with your statement, multiple checks or multiple coupons in the same envelope) may be subject to delay in crediting, but shall be credited within five days of receipt. If there is a credit balance due on your account, you may request in writing, a full refund. Submit your request to the Account Inquiries address on the front of this statement.

By sending your check, you are authorizing the use of the information on your check to make a one-time electronic debit from the account on which the check is drawn. This electronic debit, which may be posted to your account as early as the date your check is received, will be only for the amount of your check. The original check will be destroyed and we will retain the image in our records. If you have questions please call the customer service number on the front of this billing statement.

Closing Date: The closing date is the last day of the billing cycle; all transactions received after the closing date will appear on your next statement.

Annual Fee: If your account has been assessed an annual fee, you may avoid paying this annual fee by sending written notification of termination within 30 days following the mailing date of this bill. Submit your request to the Account Inquiries address on the front of this statement. You may use your card(s) during this 30 day period but immediately thereafter must send your card(s), which you have cut in half, to this same address.

Negative Credit Reports: You are hereby notified that a negative credit report reflecting on your credit record may be submitted to a credit reporting agency if you fail to fulfill the terms of your credit obligations.

BILLING RIGHTS SUMMARY

In <u>Case of Errors or Inquiries About Your Bill:</u> If you suspect there is an error on your account or you need information about a transaction on your bill, send your written inquiry to the Account Inquiries address on the front of this statement within 60 days of the date of the statement containing the transaction in question. You may telephone us, however a written request is required to preserve your rights.

In your letter, give us the following information:

- Your name and account number. The dollar amount of the suspected error.
- ٠

Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are unsure about. You do not have to pay any amount in question while we are investigating, but you are still obligated to pay the parts of your bill that are not in question. While

we investigate your question, we cannot report you as delinquent or take any action to collect the amount you question.

INDEPENDENT AUDITORS' REPORT

Board of Directors Scotia Community Services District Scotia, California

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Scotia Community Services District as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Scotia Community Services District as of June 30, 2023 and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the Minimum Audit Requirements for California Special Districts issued by the State Controller's Office. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Scotia Community Services District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Scotia Community Service District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Scotia Community Services District Page 2

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Scotia Community Services District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Scotia Community Services District Page 3

Other Matters

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America required to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position

June 30, 2023

Reconciliation:

| Total Fund Balances of Governmental Funds (Exhibit C) | \$ 349,098 |
|--|-----------------|
| Amounts reported for governmental activities in the statement of net position are different because: Capital assets used in governmental activities are not current financial resources and, therefore, not reported in the governmental funds balance sheet. However, the statement of net position includes those capital assets. In the current period, these amounts were as follows: | |
| Capital Assets | 9,967,132 |
| Accumulated Depreciation | (176,147) |
| Loan Costs, Net of Amortization | 48,444 |
| Long-term liabilities applicable to the District are not due and payable in the current period and, accordingly, are not reported as governmental fund liabilities. All liabilities, both current and long-term, are reported in the statement of net position as follows: | |
| Long-term Debt | (976,000) |
| Net Position - Governmental Activities (Exhibit A) | \$ 9,212,527 |

|---|------|---------------------|
| Amounts reported for governmental activities in the statement of activities are different becau | ise: | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense as follows: | | |
| Capital Outlay Expense Contributed Capital Assets | | 607,380 |
| Depreciation Expense Amortization of Loan Costs | | (50,451) (3,800) |
| The repayment of principal of long-term debt consumes current financial resources, and therefore, is reported as debt service principal payments in the governmental funds. However, these payments have no impact on net position, and therefore, are not reported in the statement of activities as follows: | | |
| Debt Service Principal | | 58,000 |
| Change in Net Position - Governmental Activities (Exhibit B) | \$ | 10,451 |

NOTES TO FINANCIAL STATEMENTS

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Organization

The Scotia Community Services District was formed in 2014 under Government Code 61000 to provide water, wastewater, parks and recreation, limited streets and street lighting, and storm drainage services to the community of Scotia.

The District is governed by a board of five directors elected at large from the area within the District's boundaries.

In May 2017, the Board approved the Asset Transfer and Transition Agreement with the Town of Scotia. Real property assets were transferred from the Town of Scotia to the District at no cost. These included the following:

- Water treatment facilities and river intake and distribution system infrastructure
- Wastewater treatment facilities and collection system and discharge infrastructure
- Parks and recreation facilities (Museum, Winema Theatre, Fireman's Park, carpenter shop, and Scotia Soccer Field and Community Forest.
- Streets and street lighting
- Storm drainage infrastructure

In addition to the real property, Town of Scotia also contributed \$155,000 for a contingency fund and purchase of office equipment. Town of Scotia also pre-paid water and sewer utilities in advance to facilitate the transfer.

The District's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Government Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. Although the District has the options to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, the District has chosen not to do so. The more significant accounting policies established in GAAP and used by the District are discussed below.

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Reporting Entity

There are no significant activities or organizations over which the District has financial accountability which would require inclusion in the financial statements. Other entities operate within the District's boundaries. The following criteria were used to include or exclude other entities:

1. Simple Accountability:

The District's ability to appoint a voting majority of the other entities' governing board and, either:

- a. The District's ability to impose its will on the other entity, or
- b. The existence of a financial benefit or burden consideration between the other entity and the District
- 2. Fiscal dependency of the other entity upon the District.

C. Financial Statement Measurement Focus, Basis of Accounting and Presentation

The District is a multi-function special purpose government that uses separate funds to account for the transactions related to each of its distinct functions. Separate financial statements are presented for governmental and proprietary activities. These statements present each major fund as a separate column on the fund financial statements. The District has no non-major funds.

The District uses a governmental fund to account for the activities of its various parks and recreation properties, streets and street lighting, and storm drainage infrastructure, while it uses proprietary funds to account for its water and sewer activities.

The district-wide financial statements and the proprietary fund financial statements are reported using the economic resources measurement focus and the accrual method of accounting. Under this method of accounting, revenues are recognized when earned and measurable and expenses are recognized when the related liabilities are incurred. Grants and similar items are recognized as revenue as soon as eligibility requirements imposed by the provider are met.

Governmental fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. In general, the District considers most revenue items measurable and available only when cash is received. Typically, the revenues subject to accrual are charges for services, interest income, and intergovernmental revenues. Expenditures are recorded when the related liability is incurred.

June 30, 2023

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Cash and Cash Equivalents

Cash and cash equivalents for purposes of the statement of cash flows includes amounts in demand deposits as well as short-term investments with an original maturity date of three months or less.

E. Capital Assets

Capital assets, which include property, plant, equipment, vehicles and infrastructure assets, are reported in the applicable governmental or business-type activities column in the district-wide financial statements and in the fund financial statements for proprietary funds. All capital assets are recorded at cost or estimated historical cost if actual historical cost is not available. Donated assets are recorded at their fair market value on the date donated. The District has an informal capitalization threshold of \$2,500. Improvements are capitalized, while the cost of normal repairs and maintenance that do not add to the value of the asset or materially extend the asset's life are recorded as expenses in the period incurred. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| Water System | 40 Years |
|----------------------------|---------------|
| Sewer System | 40 Years |
| Other Equipment | 5 to 10 Years |
| Vehicles | 5 Years |
| Buildings and Improvements | 40 Years |

F. Charges for Services

Charges for services result from the District providing water and sewer services to District residents.

G. Net Position

The government-wide financial statements utilize a net position presentation. Net position categories are as follows:

- Net Investment in Capital Assets Net investment in capital assets consists of capital assets, net of accumulated depreciation and amortization, and reduced by debt balances outstanding or other long-term borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- **Restricted** Restricted consists of assets that have restrictions placed upon their use by external constraints imposed either by creditors (debt covenants), grantors, contributors, or laws and regulations of other governments or constraints imposed by law through Enabling legislation.
- Unrestricted Unrestricted consists of the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of the net investment in capital assets or restricted components of net position.

June 30, 2023

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Fund Balance

The financial statements, governmental funds report fund balance as non-spendable, restricted, committed, assigned, or unassigned based primarily on the extent to which the District is bound to honor constraints on how specific amounts can be spent.

- Non-spendable fund balance -amounts that cannot be spent because they are either (a) not Spendable in form or (b) legally or contractually required to be maintained intact.
- **Restricted fund balance** amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions enabling legislation.
- **Committed fund balance** -amounts that can only be used for specific purposes determined By formal action of the District's highest level of decision-making authority (the Board of Directors) and that remain binding unless removed in the same manner. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- Assigned fund balance amounts that are constrained by the District's intent to be used for specific purposes. The intent can be established at either the highest level of decision-making, or by a body or an official designated for that purpose.
- Unassigned fund balance the residual classification for the District's general fund that includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The Board of Directors established, modifies, or rescinds fund balance commitments and assignments by passage of an ordinance or resolution. This is done through adoption of the budget and subsequent budget amendments that occur throughout the year.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, followed by the unrestricted, committed, assigned, and unassigned resources as they are needed.

I. Inventory

The District does not maintain a supplies inventory. Supplies are purchased as needed and expensed when purchased.

June 30, 2023

NOTE 1 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Policy for Defining Operating and Non-operating Revenues

Operating revenues consist of customer fees for water and sewer services and operating expenses consist of expenses related to providing such services. Non-operating revenues consist of other revenues and expenses such as interest, grants, and government support.

K. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

L. Inter-fund Activity

Authorized transfers between funds are treated as interfund transfers and included in the results of operations of both governmental and proprietary funds. Cash collected or payments made by one fund on behalf of another fund are treated as short-term interfund loans that affect only the statement of net assets of the funds involved. Interfund loan balances are reported in fund financial statements. Interfund loan balances between similar fund types are eliminated in the district-wide Statement of Net Position while interfund loan balances between governmental and business-type funds are reported in the district-wide Statement of Net Position.

During the fiscal year ended June 30, 2023, the District made inter-fund transfers as detailed at Note 10.

NOTE 2 — CASH AND INVESTMENTS

Cash and investments as of June 30, 2023, are classified as follows:

| | ernmental ctivities | | iness-Type Activities | Total |

| Total | \$ 976,000 | \$ 216,795 | \$ 1,192,795 |

NOTE 5 – PENSION PLAN AND EMPLOYEE BENEFIT TRUST

The District adopted The Scotia Community Services District Public Agency Retirement Services (PARS) Defined Contribution Plan (the Plan) effective September 1, 2018 for the benefit of its eligible employees to provide retirement benefits to the employees. The Plan and Trust were established to hold assets of the Plan which qualifies under Section 401(a) as a governmental profit-sharing plan.

It is the intention of the employer to make contributions to the Plan equal to 7% of compensation. Such contributions will be made before the close of the Plan Year and be allocated to each participant in the ratio that each participant's compensation bears to the compensation of all participants. The employee will make mandatory contributions equal to 7% of compensation.

The employees are fully vested in their employee contribution account. Vesting in the employer contribution account occurs within 5 years of service with the employer. Should an employee terminate before being fully vested, they shall forfeit that portion of their account in which they are not vested.

Total retirement plan contribution expense for 2023 was \$6,655.

NOTE 6 — PARTICIPATION IN INSURANCE AUTHORITIES

The District is a member of the Special District Risk Management Authority (SDRMA). SDRMA is a not-for-profit public agency formed under California Government Code and provides a full-service risk management program for California's local governments. SDRMA provides comprehensive property, liability, and workers compensation protection. Each member organization pays a premium based on the level of coverage requested. Rates and/or premiums are reviewed and established annually by SDRMA's Board of Directors. Member organizations share surpluses and deficits proportionately to their participation in the SDRMA. Each entity has an equal voice in the selection of SDRMA's Board of Directors.

A summary of coverage under this arrangement for the fiscal year ended June 30, 2023 is as follows:

| General liability and auto bodily injury and property damage coverage | \$2.5 million per occurrence/accident |
|---|---------------------------------------|
| Public Officials personal | \$500,000 per occurrence |
| Errors & Omissions | \$2.5 million per occurrence |
| Employee/Public Officials Dishonesty | \$1 million per occurrence |
| Property Pollution | \$2 million per occurrence |
| Public Officials Personal liability coverage | \$500,000 per occurrence |
| Employment Practices Aliability | \$2.5 million per occurrence |
| Employment Benefits | \$2.5 million per occurrence |
| Property Loss | \$1 billion per occurrence |
| Boiler & Machinery | \$100 million per occurrence |
| | |

NOTE 7 – CONCENTRATIONS

The District maintains cash balances at two financial institutions. Accounts in the aggregate are insured by the Federal Deposit Insurance Corporation up to \$250,000 per bank. At June 30, 2023, uninsured cash balances were \$1,679,357.

NOTE 8 — SUBSEQUENT EVENTS

Management has evaluated subsequent events through November 14, 2023, the date the financial statements were available to be issued.

The Town of Scotia, LLC is improving the infrastructure throughout the town in multiple phases. In August 2018, Phase 2 was completed and additional distribution and collection lines for water and sewer with an estimated fair market value of \$1,600,000 were transferred to the District. Phase III was completed in 2022, with the Town of Scotia, LLC transferring infrastructure valued at \$2,098,376 to the District.

The Town of Scotia, LLC transferred the Utility Corridor Infrastructure and River Pumps on August 17, 2023. The contribution value calculated by the project engineer amounts to \$2,198,808.

The District and State Water Resources Control Board signed an agreement D2101027 on October 26, 2022 for the Scotia Wastewater Treatment Facility replacement project C-06-8467-110. The estimated project funding amount is \$537,000 which covers geotechnical and environmental studies, and preliminary engineering reports to develop environmental documents to enable the District to address deficiencies in the wastewater treatment facility. This planning and design project is from June 30, 2023 through March 31, 2024.

The District and State Water Resources Control Board signed an agreement D2202061 on August 23, 2023 for the Scotia Water Treatment Facility replacement. This project 1210010-001P is to evaluate the water system needs including replacing the one-million-gallon raw water storage tank and 488,740 gallon treated water storage tank. This project is estimated to start January 2025, and continue through June 2026. Principal forgiveness for this Drinking Water Planning Loan is \$1,133,000.

NOTE 9 — OPERATING TRANSFERS

During the year ended June 30, 2023, the District made operating transfers to cover the allocable costs of the building acquired for use as the District's Administrative office. The allocations were based on estimates generated by project engineers in the District's original budgeting process. A summary of the items and amounts are as follows:

| Capital Outlay - Building Improvements | \$ - |
|--|--------------|
| Debt Service Payments - Interest | 4,341 |
| Debt Service Payments - Principal | 8,410 |
| Total Allocable Expenditures | \$ 12,751 |
| Allocated to Water Fund - 40% | \$ 5,100 |
| Allocated to Sewer Fund - 35% | \$ 4,463 |
| Total Interfund Transfers | \$ 9,563 |

RESOLUTION NO. 2024-2

A RESOLUTION OF THE SCOTIA COMMUNITY SERVICES DISTRICT BOARD OF DIRECTORS TO ACCEPT THE INDEPENDENT AUDIT REPORT FOR JULY 1, 2022-JUNE 30, 2023

WHEREAS CA Government Code §26909 requires that the financial statements of Special Districts be audited annually by independent public auditors in accordance with standards applicable to financial audits contained in Government Audit Standards issued by the Controller General of the United States and guidelines; and

WHEREAS an independent audit report of the Scotia Community Services District for fiscal year 2022-23 has been completed by the certified public accounting firm of Anderson, Lucas, Somerville & Borges; and

WHEREAS, the audit report complies with all independent audit reporting and information requirements as specified by Generally Accepted Accounting Principles, Generally Accepted Auditing Standards, and the Minimum Audit Requirements of California Special Districts issued by the State Controller's Office; and

WHEREAS, the Annual Financial Statement for the Scotia Community Services District present fairly, in all material respects, the respective financial position of the business-type activities, the seven major funds, and the aggregate remaining fund information of the Scotia Community Services District, as of June 30, 2023.

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Scotia Community Service District as follows:

Section 1: The Recitals set forth above are incorporated herein and made an operative part of this Resolution.

Section 2: The Fiscal Year 2022-2023, ending June 30, 2023, Independent Audit Report has been accepted attached as Exhibit A.

This resolution shall be effective upon its adoption.

Dated: February 20th, 2024
